	1342111	
	Note/Application Big Aluminium glass	

	Our reference	Reference
	1342112	
	Note/Application Big FiberGlass Nautical application	

	Our reference	Reference
	1342113	IVECO-FIAT
	Note/Application Nylon filter for big glass	

	Our reference	Reference
	1342114	
	Note/Application Net filter for big glass	

Reference IVECO-FIAT 8124210 BCD D9441	Our reference 1342115	
Note/Application Repair kit for big glass		
Reference IVECO 9930047 9930049 9929170	Our reference 1342116	
Note/Application Hanger for big glass		
Reference CAV-DELPHI 5864003 IVECO 4686377	Our reference 1342117	
Note/Application CAV type decanter for IVECO 14x1,5		
Reference CAV-DELPHI 5864000	Our reference 1342118	
Note/Application CAV type decanter for FORD 1/2 x 20		
Reference CAV-DELPHI 7111-693	Our reference 1342119	
Note/Application Repair kit for decanter		
Reference CAV-DELPHI 7111-741	Our reference 1342120	
Note/Application Spare for decanter		
Reference	Our reference 1342121	
Note/Application Complete precleaner decanter with piston primer and magnetic filter		

PRECLEANERS AND SPARE PARTS

	Our reference	Reference
	1342122	
	Note/Application Complete precleaner decanter with diaphragm primer and magnetic filter	

	Our reference	Reference
	1342123	
	Note/Application Complete precleaner decanter with glass cup mm.14 x 1,5 and magnetic filter	

	Our reference	Reference
	1342124	
	Note/Application Complete precleaner decanter with glass cup mm.1/2 x 20 and magnetic filter	

	Our reference	Reference
	1342125	
	Note/Application Decanter metallic filter with magnet	

	Our reference	Reference
	1342126	
	Note/Application Decanter metallic filter with magnet	

	Our reference	Reference
	1342127	
	Note/Application Glass cup for decanter last type	

	Our reference	Reference
	1342128	
	Note/Application Decanter with magnetic precleaner, pipe Ø 6 (with optional bolt)	

PRECLEANERS AND SPARE PARTS

Reference	Our reference	
	1342129	
Note/Application		
Decanter with magnetic precleaner, pipe Ø 8 (with optional bolt)		

Reference	Our reference	
	1342130	
Note/Application		
Decanter with magnetic precleaner, pipe Ø 10 (with optional bolt)		

Reference	Our reference	
	1342131	
Note/Application		
Decanter with magnetic precleaner, pipe Ø 12 (with optional bolt)		

Reference	Our reference	
	1342132	
Note/Application		
Decanter with magnetic precleaner, pipe Ø 6 (with optional bolt) - antipetrol version		

Reference	Our reference	
	1342133	
Note/Application		
Decanter with magnetic precleaner, pipe Ø 8 (with optional bolt) - antipetrol version		

Reference	Our reference	
	1342134	
Note/Application		
Decanter with magnetic precleaner, pipe Ø 10 (with optional bolt) - antipetrol version		

Reference	Our reference	
	1342135	
Note/Application		
Decanter with magnetic precleaner, pipe Ø 12 (with optional bolt) - antipetrol version		

PRECLEANERS AND SPARE PARTS

	Our reference	Reference
	1342136	IVECO-FIAT 98432328 500316868
	Note/Application	
Precleaner bearing Eurocargo original type.		

	Our reference	Reference
	1342137	
	Note/Application	
Modify Eurocargo precleaner bearing for diesel passage through the filter		

	Our reference	Reference
	1563170	
	Note/Application	
Filter cover with primer		

	Our reference	Reference
	1342138	AC 1027001
	Note/Application	
Precleaner Ford Perkins several applic. Thread 1/2 x 20 dx		

	Our reference	Reference
	1342139	AC 1027001RN
	Note/Application	
Precleaner Ford Perkins several applic. Thread 1/2 x 20 sx		

	Our reference	Reference
	1342140	
	Note/Application	
Ford precleaner several application thread 14 x 1,5 right side		

	Our reference	Reference
	1342141	
	Note/Application	
Ford precleaner several application thread 14 x 1,5 left side		

PRECLEANERS AND SPARE PARTS

Reference	Our reference	
	1342142	
Note/Application

Reference	Our reference	
	1342147	
Note/Application		
Precleaner with diaphragm primer 14 x 1,5 inlet on left side		
Reference	Our reference	
MERCEDES A 6010920105	1342148	
Note/Application		
Precleaner Mercedes 250 TD		

PRECLEANERS AND SPARE PARTS

	Our reference	Reference
	1342149	MERCEDES A 6010920105
	Note/Application Kit Precleaner Mercedes 250TD	

	Our reference	Reference
	1342150	
	Note/Application Precleaner big pipe Ø 8-10	

	Our reference	Reference
	1342151	
	Note/Application Precleaner short pipe Ø 6-8	

	Our reference	Reference
	1342152	
	Note/Application Precleaner vehicle straight type Ø 6-8	

	Our reference	Reference
	1342153	
	Note/Application Precleaner vehicle 90° Ø 6-8	

	Our reference	Reference
	1342154	
	Note/Application Precleaner with magnet and check valve pipe Ø 6-8 metallic filter	

	Our reference	Reference
	1342155	
	Note/Application Precleaner with magnet and without check valve pipe Ø 6-8 metallic filter	

PRECLEANERS AND SPARE PARTS

Reference	Our reference	
	1342156	
Note/Application		
Big precleaner with magnet and check valve pipe Ø 8-10 nylon filter		

Reference	Our reference	
	1342157	
Note/Application		
Big precleaner with magnet and check valve pipe Ø 8-10 nylon filter		

Reference	Our reference	
	1342158	
Note/Application		
Big precleaner with magnet and check valve pipe Ø 12 nylon filter		

Reference	Our reference	
	1342159	
Note/Application		
Big precleaner with magnet and without check valve pipe Ø 12 nylon filter		

Reference	Our reference	
	1342160	
Note/Application		
Draft filter with cap Ø 8		

Reference	Our reference	
	1342161	
Note/Application		
Draft filter with cap Ø 10		

Reference	Our reference	
	1342162	
Note/Application		
Draft filter with cap Ø 12		

PRECLEANERS AND SPARE PARTS

	Our reference	Reference
	1342163	
	Note/Application Draft filter with cap Ø 14	

	Our reference	Reference

Note/Application	Removable feed precleaner including check valve with metallic filter pipe Ø 12	
Reference	Our reference	
	1342172	
Note/Application	Magnetic removable feed precleaner including check valve with metallic filter pipe Ø 6	
Reference	Our reference	
	1342173	
Note/Application	Magnetic removable feed precleaner including check valve with metallic filter pipe Ø 8	
Reference	Our reference	
	1342174	
Note/Application	Magnetic removable feed precleaner including check valve with metallic filter pipe Ø 10	
Reference	Our reference	
	1342175	
Note/Application	Magnetic removable feed precleaner including check valve with metallic filter pipe Ø 12	
Reference	Our reference	
	1342176	
Note/Application	Removable feed precleaner components series PI-9029/PI-9030 Metallic filter	

PRECLEANERS AND SPARE PARTS

	Our reference	Reference
	1342177	
	Note/Application Removable feed precleaner components series PI-9029/PI-9030 transparent shell	

	Our reference	Reference
	1342178	
	Note/Application Removable feed precleaner components series PI-9029/PI-9030 4 holes washer	

	Our reference	Reference
	1342179	
	Note/Application Removable feed precleaner components series PI-9029/PI-9030 Screw kit + nut 4 pieces	

	Our reference	Reference
	1342180	
	Note/Application Removable feed precleaner components series PI-9029/PI-9030 O-ring	

	Our reference	Reference
	1342181	
	Note/Application Removable feed precleaner components series PI-9029/PI-9030 magnetic filter including valve	

	Our reference	Reference
	1342182	
	Note/Application Removable feed precleaner including check valve with nylon filter pipe Ø 6	

	Our reference	Reference
	1342183	
	Note/Application Removable feed precleaner including check valve with nylon filter pipe Ø 8	

PRECLEANERS AND SPARE PARTS

Reference	Our reference	
	1342184	
Note/Application		
Removable feed precleaner including check valve with nylon filter pipe Ø 10		

Reference	Our reference	
	1342185	
Note/Application		
Removable feed precleaner including check valve with nylon filter pipe Ø 12		

Reference	Our reference	
	1342186	
Note/Application		
Standard precleaner		

Reference	Our reference	
	1342187	
Note/Application		
Nylon filter 40NC - 50NC		

Reference	Our reference	
	1342188	
Note/Application		
Union filter feed pump		

Reference	Our reference	
2547434009	1342189	
Note/Application		
Mercedes		

Reference	Our reference
